Dairy farmer representatives appointed for levy review

Dear Levy Payer,

Nine dairy farmer representatives have been appointed to a Levy Poll Advisory Committee (LPAC) which is undertaking a review of the dairy service levy.

There was a strong level of high quality nominations from around the country and I am grateful to everyone who applied for a position on the committee. The full LPAC of fifteen has a total of twelve levy paying farmers, with nine directly appointed from farmer applicants, plus three levy payers nominated by industry bodies.

I am delighted with this level of grass-roots input. We have a balance of representation across dairy regions, years of farming experience, herd sizes, and owner/sharefarmer experience. The LPAC will now get down to business to review the levy.

The industry has undergone a number of changes since the last levy review in 2016, so it is timely to evaluate whether the current level of funding is appropriate to support its long-term research, development and extension needs.

Dairy farmer representatives on LPAC

Heath Cook, NSW	Katrina Gofton, Tas	Brendan Rae, Vic – South-West
Matthew Trace, Qld	Andrew Aldridge, Tas	Karrinjeet Singh-Mahil, Vic – South-West
Andrew Cavill, SA	Daryl Hoey, Vic - Gippsland	Peter Evans, WA

Industry body representatives on LPAC

Tania Luckin	Dairy Australia Director and dairy farmer from Western Victoria
Roseanne Healy	Dairy Australia Director
Rick Gladigau	Australian Dairy Farmers Director and dairy farmer from South Australia
Victoria Taylor	Australian Dairy Farmers Director
Peter Mulcahy	Australian Dairy Products Federation representative. KyValley Dairy Director and dairy farmer from Northern Victoria

While LPAC did not receive an applicant from the Northern Victoria-Murray Dairy region, coverage of the region is provided by Peter Mulcahy of Kyvalley Dairy who is a dairy farmer, and other farmer appointees to LPAC also have prior Northern Victorian experience.

LPAC appointed an Independent Selection Panel (which I chaired) to evaluate farmer applications, conduct interviews and make recommendations. The committee is expected to make a decision regarding the levy by June 2021. In the event a change to the levy is recommended and a levy poll is required, this process would extend into 2022.
